Have dreams as big as the universe?
We do too!

Let’s research the universe together. If you’re an early-career or senior scientist, apply to the NASA Postdoctoral Program to help pursue NASA’s mission and experience the world’s most diverse technology and expertise. These competitive one- to three-year fellowships are designed to advance NASA’s missions in space science, Earth science, aeronautics, space operations, exploration systems, and astrobiology.

Explore NPP Benefits
• Starting stipend: $63,000
• Annual travel budget of $10,000
• Relocation allowance
• Financial supplement for health insurance purchased through the program
• Appointments renewable for up to three years

Select Research Areas
- Aeronautics and Engineering
- Astrobiology
- Astrophysics
- Earth Science
- Heliophysics Science
- Planetary Science
- Technology Development

NPP’s research areas directly align with NASA’s mission.

Full list of research areas available on NPP website
Application Deadlines
March 1, July 1, and November 1, annually

Eligibility
Recent and Senior-Level PhD recipients eligible

Citizenship Eligibility
• U.S. Citizenship
• U.S. Lawful Permanent Resident (LPR) status
• Foreign National eligible for an Exchange Visitor J-1 visa status
• Applicant for LPR, asylee, or refugee in the U.S. at the time of application with 1) a valid EAD card and 2) I-485 or I-589 forms in pending status

Locations
• Ames Research Center
• Glenn Research Center
• Goddard Institute of Space Sciences
• Goddard Space Flight Center
• Jet Propulsion Laboratory
• Johnson Space Center
• Kennedy Space Center
• Langley Research Center
• Marshall Space Flight Center
• NASA Headquarters
• Solar System Exploration Research Virtual Institute (SSERVI)
